

DHL WINE PRODUCT

DHL Wine Service

DHL realized the need for a reliable business-to-business sample solutions for South African wine producers to market their fine wine globally.

CARBON FOOTPRINT

Our mission 2050 - zero emissions

We want to reduce our logistics-related emissions to zero by 2050.

To get us there, we've set four milestones for 2025:

- We want to increase our carbon efficiency by 50% over 2007 levels
- We want to operate 70% of our own first and last mile services with clean pick-up and delivery solutions
- We want more than 50% of our sales to incorporate Green Solutions
- We want to train 80% of our employees to become certified GoGreen specialists and together with partners, we are committed to planting one million trees each year

Our GoGreen solutions

We offer green products and services to generate shared value – for our and our customers' business as well as for the environment

▼ GoGreen Solutions category	▼ What it is about	▼ What customers get
Carbon Report 	Easy-to-understand and accurate reports of customer and product related greenhouse gas emissions in the supply chain.	Clear view on where to improve
Green Optimization 	Solutions for minimizing and/or avoiding logistics-related emissions, waste and other environmental impacts by capturing efficiency gains along the entire logistics supply chain.	Concrete improvement measures for a more environmentally-friendly supply chain
Climate Neutral 	Verified calculation and offsetting of greenhouse gas emissions for our transport and logistics services through climate protection projects.	Climate neutral supply chain and official certificate stating annual CO ₂ e offset

EMPLOYER OF CHOICE

Journey from Good to Great

Our Journey from Good to Great starts with Motivated People!

How you think and feel influences what you say and do – and the mindset of being “Insanely Customer Centric” comes from highly motivated, well trained and emotionally engaged (happy) employees – which is at the core of what CIS is all about.

- It's not by chance that we are the “Superstars of the International Express Industry”. There truly “Ain’t no Mountain High Enough” to stop our people from delivering...
- CIS (Certified International Specialist) will take every member of our organization to new levels of ability.
- Every stage of the CIS cultural change program is designed to deliver tangible benefits for our customers, driving service quality and empowering our people to find the greatness within themselves.
